An Amazing Ventriloquist act!
Mme Romanche and Chopin, her dog

Performing artist, France enjoys taking risks. It was one she took when she created a ventriloquist duo, a challenge that she embarked upon with enthusiasm.

On Frederick Chopin's devilish piece, "The Minute Waltz", a dog puppet flirts with his mistress. Through its cleverness, its fluttering eyelashes, its unexpected puns and its indisputable humour, Chopin The Dog has an answer to everything. Our love birds will unravel in front of you the ups and downs of their tumultuous life together.
